

WestCON Fast Facts

Our goal is to help you keep your services on track

Phase out of Independent Providers- As many have read or heard that Governor Kasich is looking to *transitioning to an agency-only model* for provider services. We are just hearing of this change within DODD as well. At this time we do not know the details or what the process is going to look like. Our hope is to relay any information we receive from DODD in regards to this concern to all providers to keep them informed.
