

## March is Developmental Disabilities (DD) Awareness Month!

The purpose of National DD Awareness Month is to spread awareness about inclusion of people with developmental disabilities, while educating the public on the barriers that continue to face those with disabilities.

Follow West Central Ohio Network – **WestCON's Facebook page** to view stories throughout the month that demonstrate our individuals' abilities throughout this commUNITY! We are #BetterTogether!

Be sure to check with your local Board of DD to see how they are celebrating people with developmental disabilities.

---

## DO YOU KNOW?

There are many more individuals who are looking for a provider just like YOU!

Check out our interactive map to connect you to individuals in your area.
